

Young Breeders Training Day

An opportunity for those aged 14 to 25 years to assess horses at the inaugural 'Tattersalls Elite Event Horse Sale' on September 12th with mentor John Watson.

John is a renowned rider, breeder, and trainer of event horses. Among his many achievements he won an Olympic silver medal in 1978 and team gold in 1979. His son Sam is currently shortlisted for the World Equestrian Games in Kentucky this September on his homebred horse Horseware Bushman.

This promises to be an educational day with opportunity not only to view the performances of both proven and potential event horses and to assess their merits, but also the chance to see how they are evaluated by the market in real terms when they go under the hammer. John will be on hand to give his views on the athletes put forward for sale.

For more details contact Wendy Conlon 087 9879083. Places are limited to 25 so book yours without delay.

Training is now beginning in earnest as the World Championships in France 2011 approach. New participants are always welcome. A fantastic opportunity to learn more about horses.
